School Supply Lists 2020-21

Dear Parents/Guardians:

There are two parts to our 2020 - 21 school supply lists: items to be provided at school, and items to be purchased. We are releasing this list early so that you may take advantage of summer sales.

All students, grades PreK through 8, will be required to have a mask with them at school every day. They will be required to wear the mask while entering and exiting the building, moving between rooms in the school (e.g., between the classroom and the restroom), and moving about within a classroom. Students are strongly encouraged to wear masks while sitting at their desks, but are not required to. Wearing a mask is done for the common good and is a service to the other members of the school community. Because COVID-19 can be transmitted when a person does not have symptoms, and because wearing a mask has been shown to reduce transmission, masks are an important component of maintaining health in the school.

Due to the transmissibility of COVID-19, we plan to discontinue the use of water fountains, except those that are used exclusively for filling reusable water bottles. Therefore, please have your child bring a water bottle to school each day.

We require that all books be covered and clearly labeled. Each teacher will give specific directions regarding this at the beginning of the school year. Also, please note school supplies may be added and may need to be replenished periodically. Lastly, please be advised it is school policy that permanent markers are not to be brought to school.

Thank you for your cooperation.

PreK 2-3
