Model consists of more collaborative learning through small group work, more technology and rotations. Sue will be on site several times a month. Teachers have received training in this model over the summer.

Old Business

- 50/50 License Update- License is ready. Creating list of locations to sell. Discussed Super Liquors, Gleeson's, Masses, grocery stores, bakeries, Uncle Bill's in addition to selling at all school events. Ticket packets have been distributed to all school families.
- Summer Events- Zoo, Ice Cream, Family Fun. Discussed and decided to consolidate the summer events into one event, Family Fun Night, to be held the 2nd Friday after school begins. Discussed benefits of PATH selling food as opposed to a food truck.
- Family Fun Night recap- highly successful this year. Well attended and well received. Auction raised over \$4,000.00- woohoo! Plan to keep same program for next year- dj, bounce house, food, etc.
- Scrip Update- Looking into other app based programs with potential higher rewards.
